PAYNE TARIFF BILL A DELICATE BETRAYAL OF THE AMERICAN PEOPLE

So Characterized by Representative Sheppard of Lone Star State.

PERFIDY OF THE
REPUBLICAN PARTY

BITTER ATTACK MADE IN HOUSE
ON THE MEASURE AND THE
PARTY—SPEAKER DECLARES
THERE IS MORE POWER IN
CANNON'S FIVE-CENT CIGAR
THAN IN A REGIMENT OF
ROOSEVELTS AND TAFTS.

By Associated Press.
Washington, March 25.—Charging that the Payne tariff bill "is a delicate betrayal of the American people and that it is a 'fresh illustration of the perfidy of the republican party,'" Sheppard, of Texas, today bitterly attacked the measure. "Amusing indeed," were the numerous assurances of Taft that the republican party would revise the tariff downward," said he.

"His volcanic predecessor realized the hopelessness of such a proposition and evaded it to the last. It is possible the complacent Taft may succeed where the 'big game' hunter failed, but I say to you there is more real power in the one five-cent cigar than in the iron lips of Joseph G. Cannon, the stand-pat leader, than in all the big sticks and a whole regiment of Roosevelts and Tafts."

TARIFF IS A GRAFT.
SAYS EX-GOV. FOLK

By Associated Press.
Atlanta, Ga., March 25.—"In its last analysis, tariff is a graft," said former Governor Joseph W. Folk, of Missouri, in a talk at the luncheon of the Young Men's Democratic League here today.

"Let us have no more protection for a monopoly, but let the people be protected from the monopoly," he said. "Under the present tariff system the farmers of the south have to sell their products in competition with the world, but when they go to buy it is from the protected interests. It seems there is a general desire for a rate off among people everywhere, but I earnestly believe the removal of all protective duties and the restriction of the tariff to a purely revenue basis would be of vast benefit to this section."

HEADS BY EXPRESS.

San Francisco, March 25.—A special train from Sacramento states that three human heads were exposed when an express package was accidentally broken open at the depot there. The package was addressed to Dr. M. G. Varian of Coram, and was sent from a medical school in Philadelphia. Dr. Varian, who is physician for the Brakel Copper company, of Coram, claimed his property and entered a vigorous protest against the proposal of the Sacramento coroner to hold three separate inquests over the heads.

Bartlesville, Okla., March 25.—With her two little girls, Delbert and Margaret, whom she had kidnapped and peddled from a fashionable Toledo, Ohio, church, last Sunday morning, Mrs. Hattie Loos, whose husband is said to be a business man of Toledo, arrived here last night and took refuge at the home of her mother, Mrs. Lucy A. France. Mrs. Loos has been separated from her husband for some time.

SUICIDE OF A WASHINGTON SOCIETY LADY

Mrs. Pierre Lorillard, Jr.,
Wife of Tobacco Magnate,
Ends Her Life a Few
Hours After Leaving Dinner
Given by Mrs. Richard Townsend.

By Associated Press.
Washington, March 25.—Weary of the gay whirl of society and face to face, as she believed, with years of physical suffering, Mrs. Pierre Lorillard, Jr., aged 43, wife of the tobacco magnate, committed suicide by asphyxiation at her home near the fashionable Dupont circle, in this city today. Her tragic death has shocked the first social circles of the capital as nothing else has in years.

In spite of the coroner's certificate that death was by suicide, members of the family declared Mrs. Lorillard died of heart failure. She was subject to frequent attacks of despondency, it is said. Death was made more dramatic by the fact that it occurred was only a few hours after Mr. and Mrs. Lorillard had been the guests of Mrs. Richard Townsend at a dinner in honor of Lady Paget.

MURDERER OF LEON SHERIFF STILL AT LARGE

Posses Are in Close Pursuit
and Have Seen the Negro
in the Swamps Several
Times.

Special to The Journal.
Tallahassee, March 25.—Deputy Sheriff P. G. Russell says that Morrison, the negro murderer of Sheriff Langston, is as wily and untiring as a fox. Posse after posse has hunted him since Friday night but he has kept outwitted them all. He has been kept, however, to a comparatively limited territory, being now about fifteen miles from the scene of the murder, and it is expected that he will soon succumb to the strain of being so continually hunted.

Yesterday he was seen several times by his pursuers, dodging about among the trees and underbrush of the swamps, but always when he had decoyed the men into the swamp he would strike off at some unexpected angle and race across country to hide in another swamp. Horses are practically of no use in the chase, and men and hounds find the continuous floundering through the mud and tangled underbrush of the swamps an arduous undertaking.

SEEN WEDNESDAY AFTERNOON.

Morrison, on Wednesday afternoon, was in the northern portion of the county, in what is known as the "Jamonie Slough," a marshy tract of land caused by the overflow and drainage of the lake of that name. It is said that he stopped at a negro's cabin out on Lake Jackson Sunday morning, to beg for food, and while there told the inmates that he had an old grudge against Mr. Thomas, the deputy who was with Mr. Langston, and his shot was intended for him and not for Mr. Langston.

Mr. Russell is about exhausted and shows the effect of the terrible strain under which he has labored. He was in town late yesterday afternoon recruiting another posse to relieve the one that had been out all day. Fresh bloodhounds were sent here from Live Oak Tuesday night.

WILLIE WHITLA, KIDNAPPED BOY,
FOR WHOM \$10,000 WAS PAID

Two Highwaymen Rob Pullman Passengers

By Associated Press.
Denver, Colo., March 25.—Two highwaymen entered a Pullman car in the Denver and Rio Grande yards at West Denver early today, held up the six men passengers and the conductor and got away with about \$400 in cash. The only woman passenger, Mrs. N. R. Hussey, of Booth Bay Harbor, Maine, was not molested.

The car was part of Denver and Rio Grande train No. 4, which was held up at Military Junction a few weeks ago. The train was several hours late in reaching Denver and the Pullman was backed into the yards to wait until morning. About five minutes after the engine had been detached, James F. Bruce, the colored porter, was dragged out of his berth by two masked men who, at the point of revolvers, marched him to the end of the car, threatening to kill him if he made an outcry.

The smaller of the two men then stood guard over Bruce, while the other man awoke the other occupants of the car, one by one, beginning with the conductor, T. C. Moyer, lived them up with the porter and searched their clothes.

N. R. Hussey of Booth Bay Harbor, Maine, was robbed of \$89. Mrs. Hussey was sleeping in an adjoining berth, but in response to Mr. Hussey's pleadings she was snored. William N. Wallace, of Muscatine, Iowa, was relieved of \$142; C. W. Griffer, general manager of the Alta Mining and Smelting Company, of Florence, Ariz., was relieved of \$110, and A. W. Forrest, of Columbus, Ohio, gave up about \$100.

The robbers made a systematic search of the car, even turning up the mattresses of the berths, but took nothing but money.

CROWN PRINCE RENOUNCES HIS RIGHT TO RULE

George of Servia Sends Communication to the Council,
But It Will Be Returned.

By Associated Press.
Belgrade, March 25.—George, crown prince of Servia, has renounced his right of succession to the Serbian throne. This action is the result of a bitter press campaign in which the crown prince was accused of being the cause of the recent death of one of his servants, a man named Kola-kovitz.

The cabinet council tonight decided the premier is incompetent to receive direct communication from Crown Prince George, who is subject only to his father's authority. It will therefore be returned to him and he will be advised to address himself to the king.

The prince now declares that before leaving the country he will await the final result of the pending political situation and joining the volunteers as a private in the event of war.

GUESTS CANNOT SUE OWNERS OF AUTOMOBILES

They Assume Risks When
They Enter Cars Upon In-
vitation—So Decided in
New York.

By Associated Press.
New York, N. Y., March 25.—Some what of a novel legal question of whether the owners of automobiles are liable for injuries suffered by their guests while speeding, was raised in the suit for \$25,000 damages brought against Dr. Julian P. Thomas, an aeronaut, which was decided here today. The suit was brought by Miss Frances Haas, who was riding with Dr. Thomas when his machine was wrecked against a telegraph pole two years ago. She lost a leg.

Judge Brady held it was for the jury to decide whether or not the plaintiff assumed the risks of the ride when she entered the machine. The jury decided Miss Haas could not recover damages.

Jacksonville Has Big Fire, Loss is \$350,000

By Associated Press.
Jacksonville, Fla., March 25.—Fire which broke out at 1 o'clock this morning in a three-story building on Forsyth street, for a time threatened the entire business district. The H. and W. B. Drew printing

plant, one of the finest and best equipped in the south, was a total loss and throws a large number of employees out of work. Wounded and Forty Cap-
tured—Fight Began on
Wednesday and Ended

The fight began late Wednesday and continued with interruptions until ten o'clock today.

The deputies went to the negro settlement to arrest cattle thieves and were met by armed negroes. When night fell the firing increased and the negroes ran through the woods yelling and firing. The fight continued throughout the night, the negroes retreating gradually from tree to tree. Reaching the settlement the negroes were harried. At ten o'clock the deputies made a fierce onslaught and dislodged the negroes with the above result.
